

WHM School Advisory Council Guiding Principles

Serve as a committee to provide communication and cooperation among parents, administration and teachers; to promote and foster the spirit of the school and the community; to assist in the implementation of school activities.

These principles are achieved by the following means:

- 1. Encouraging and facilitating parent volunteering.**
- 2. Building strong relationships within the school and in the community**
- 3. Raising funds to help provide academic enrichment, support student achievement and enhance activities in accordance with the school board's mission and values.**
- 4. Nurturing healthy bodies and minds.**
